Power in Member-States

▪ ABOUT WWER REGULATORS' FORUM

The Forum of the State Nuclear Safety Authorities of the Countries Operating WWER Type Reactors (the Forum) was established in 1993.

The objective of the Forum is to foster enhancement of the nuclear safety and radiation protection in the interested countries through utilization of the collective experience, information exchange and consolidation of efforts of the national nuclear safety authorities to study safety problems and improve regulatory policies and practices.

The current members of the Forum are heads of the regulatory authorities of Armenia, Bulgaria, the Czech Republic, China, Finland, Hungary, India, Iran, Russia, Slovakia and Ukraine. Representatives of Germany and the IAEA take part in the Forum as observers.

Web-Site of WWER Regulators' Forum

Homepage

- About WWER Regulators' Forum;
- Members and observers;
- Current Working groups;
- Past meetings;
- Current status and development of nuclear power in Member-States;
- WWER reactors;
- Authorized access on SharePoint base for information exchange between Member-States.

Web-site Further Development

- To upload information to the rest of sections
(status and development of nuclear power in Member-States, WWER reactors)
- To start using authorized access area
- Full scale operation of English version of web-site by next SC GNSSN Meeting

Expectations

March, 2013 – WWER Regulators' Forum Web-site integrated into GNSSN

promotion of GNSSN
among stakeholders

Link to GNSSN on WWER Regulators' Forum Web-site
