# Conceptualization of **JOINT** projects/activities/reports

**18<sup>th</sup> GNSSN Steering Committee Meeting,**  
**(held in hybrid format)**  
**28–29 July 2022**

# Conceptualization of JOINT projects/activities/reports across associated networks

Below listed are some of the technical areas which have been identified from discussions with the representatives of associated networks during the 17<sup>th</sup> GNSSN SC meeting in Dec 2021 and the Chairs Coordination Meeting in June 2022:

- a) **Inspection Programmes**
- b) **LTO**
- c) **Environmental Remediation and Decommissioning**
- d) **NORM**
- e) **Drafting of Regulatory Documents**
- f) **Radioactive Waste Management**
- g) **Environmental Monitoring**
- h) **Research Reactors**
- i) **Communication (new addition as discussed during the 18<sup>th</sup> GNSSN SC meeting)**
