

14th Plenary Meeting of Forum of Nuclear Regulatory Bodies in Africa

Wednesday, 28 September 2022, from 3:30 p.m. to 5:30 p.m.

The FNRBA Plenary meeting, attended by the representatives from more than 20 Member States, IAEA NS and TC department officials and partner organizations, was opened by Dr Y'au Idris, Acting Chairperson of FNRBA. During the meeting, the Forum's achievement in 2021 was reviewed and the next 5-year Strategic Plan and the action plans of the 6 thematic working groups have been endorsed. There were presentations on the IAEA's AFRA projects on Radiation Safety and Regulatory Infrastructure and on FNRBA's role on supporting Member States in improving the Radiation Safety Infrastructure in the region. . In the last, the meeting elected Dr. Y'au Idris, Director General of Nigerian Nuclear Regulatory Authority as the FNRBA's new Chairperson as well as the other leadership positions. The IAEA, as secretariat of the FNRBA, confirmed its on-going support and continuous collaboration with the new offices.
