Exercise 1 – Plan to Establish MS

60 Years
Atoms for Peace and Development

- Get in your working groups
- Based on your knowledge and experience, determine or identify 5 – 9 key steps that are critical to establishing a management system
 - [i.e.,] What are the key elements and success factors that a plan to establish a management system should address?
 - Distil them into a logical sequence or high level plan to establish a management system in your organisation
 - Check your plan against some of the issues raised by the experts from the IAEA and Member States and some of the issues raised in the exercises conducted in Belarus and Uzbekistan
- Present the results
