

ANSN Transformation Task Force Team meeting, 27-29 February 2024, NRA Japan, Tokyo

The 9 TFT members had their 4th and the final work session in Tokyo, Japan. Through the 3-day meeting, the team could wrap up their 4-month journey to identify the challenges and changed environment that the Network faces as well as to invent innovative ways to address those issues to make the Network a sustainable cooperation platform to enhance Nuclear Safety in the Asian region. The outcome of the meeting includes a draft of new Terms of Reference of ANSN which lays out clear objectives and missions reflecting the needs of the region, development of new activity schemes to enhance knowledge networking, and work plan for 2024-2027.
