

Mumbai, India (9 - 13 December 2024)

The seventh regional workshop on regulatory challenges in SMRs, for the Asia region, was held at the Department of Atomic Energy (DAE) Convention Centre, in Anushaktinagar, **Mumbai, India**, from **9 to 13 December 2024**. The workshop was hosted by the Indian Atomic Energy Regulatory Board (AERB).

21 participants of from **ten IAEA Member States** (Bangladesh, India, Indonesia, Iran, Kenya, Malaysia, Russian Federation, Thailand, Viet Nam and Singapore) had the opportunity to attend lectures delivered by the SMR RF experts and the SMR RF Scientific Secretariat on Forum's findings and capacity-building with respect to SMR regulation. Additionally, the participants shared information on nuclear programs in their countries and prospects for/status of SMR deployment. The workshop included a visit to the Bhabha Atomic Research Centre (BARC).
