

Title: National Workshop on the Self-Evaluation of the infrastructure status and updating the Integrated Workplan for Nuclear Power Programme in Nigeria

Location: Nigeria, Abuja

Dates of Mission: 2013-03-11 to 2013-03-14

Objectives:

- To discuss and assist the self-evaluation of the status of the nuclear power infrastructure of Nigeria, including the regulatory infrastructure for nuclear safety;
- To discuss and advise on Nigeria's Integrated Action Plan for the introduction of nuclear power, and identify the further IAEA support to the national programme.

Duties performed:

Assistance in the self-evaluation of the nuclear power infrastructure of Nigeria, including the regulatory infrastructure for nuclear safety. Further IAEA support to the national programme was identified.

Conclusions:

The mission met its objectives.
