

Title: Expert Mission to Thailand to review the Office of Atoms for Peace (OAP) Human Resources Development Plan

Location: Bangkok, Thailand

Dates of Mission: 18 - 23 November 2012

Objectives:

- Conduct a review of the draft Human Resource Development Plan (HRDP) of the Office of Atoms for Peace (OAP) of Thailand; and
- Provide guidance and assistance in the identification of regulatory human resource needs and competence areas necessary for the introduction of the nuclear power.

Duties performed:

- Delivered lecture on Training Approach and Practices applied in the Belgian TSO Bel V;
- Reviewed the draft HRDP of the OAP;
- Practical application of the SARCoN tool to the position of senior inspector.

Conclusions:

The expert mission was found to be very fruitful in highlighting the improvements and modifications to be made in the draft HRDP, setting up of priorities for various activities, establishing linkages of the plan with various stages given in IAEA safety guide SSG-16, highlighting the importance and need to also cover the existing activities of OAP in the plan and to cover the entire scope of OAP.
